

Mohammed Ali El mehdi TALEB

PROFILE

Innovative and passionate **fullstack Develepor** (C-Sharp.Php.Vuejs and laravel' with over 10 years of experience in the web (asp.net and blazor) Development, seeking to leverage extensive background in data analysis, database adminstration , and Ai Agents. Phd Researcher at the field of Next Generation internet Protocols and AI supervision. Proficient in .net and c-sharp programming, I have successfully developed and maintained multiple scalable and efficient software applications. Demonstrated strong problem-solving skills by implementing optimised algorithms and data structures in windev and C-sharp, significantly improving system performance.

✉ Rue 161 de l'indépendance,
Laghouat ville, Algeria

PERSONAL INFORMATION

Citizenship: **residence in algiers,constantine and laghouat**

Family: **Single without children**

Languages: **French** (C1),
English (B2), **Italian** (C2),
Spanish (C2),**Arabic** (native)

EXPERIENCE

SENIOR C-SHARP FULLSTACK DEVELOPPER SCIENTIST at *OSIDEV (Laghouat)*. **2023.08-pres.**

◇ data colection isong SQL server data source then analysing process, automation of reports.

DATA ANALYST at *Bektel (Hassi Messaoud)*. **2021.04-2022.12**

◇ Data collection processes, extensive research on carbonation levels, collaboration with product development teams.

RESEARCH SUPPORT at *Team Source Petroleum. (Hassi Messaoud)*.

◇ Developing and implementing methods for inferring **2019.07-2020.05** causal networks from time-series, analysis and informatization of building process .

RESEARCHER FOR PROBLEM AND SOLVING at *oil Serv.* **2018.09-2019.05**

◇ Econometric modelling, market data analysis, translation.

INTERN IN LOGISTICS MANAGEMENT at *Candia Laghoaut.*

◇ Data management with Microsoft Excel. **2017.04-2018.07**

EDITOR at *Sarl Amouri.*

2015.03-2017.10

◇ Editorial work on plastique cycle industry , proofreading.

EDUCATION

MASTER IN NETOWRKS . Distributed application. *University of Ammar Thelidji Laghouat.* **2020-2022**

◇ Thesis title: *The Colision Avoidance in UAVs.*

◇ Path discovery, build paths vector analysis, Decision using distributed approach.

BACHELOR OF PRECISE SCIENCE . Mathématiques and application. *Ima el Ghazali.* **2014-2017**

◇ Mathematical modelling, numerical methods, mathematical optimisation.

ADDITIONAL EDUCATION

KOUNOUZ SCHOOL. *State School.*

2021

◇ Web design , development and. programming

SQL DATA MODELING AND DATABASE. *Delta Pro School.* **2017-2018**

◇ Data science, statistics and probability, logical pipeline data, query analyses, optimal path query.

BEHAVE SKILLS

- Self Ambition and High critical Thinking for problem Solving
- Self discipline and consistency for giving better work and project
- High Spirit for team work and collaborative project guidance
- Efficient results for team communication and team leading
- Self Amibtion and High ciritical Thinking for problem Solving

DEV SKILLS

Front-end: Asp.net, Vuejs, Nuxtjs, Bootstrap HTML, WordPress and Elementor.

Back-end: Php, Laravel, Symphony, Nodejs, All types OF SGBDR (Mysql, Postgresql, SQL server...etc) and docker..

Soft : Clean Architecture, Logic reasoning and separation,CI/CD.
